

## Meals on Time

A good oil stove gives full heat just as soon as it's lighted. There's no waiting for the fire to catch up or the oven to heat. Meals can be started later and still be served right on time. That means less work and less time in the kitchen.

## New Perfection OIL COOK STOVE

burns kerosene, the clean, cheap fuel and gives an intense heat that can be regulated just as you want it. It does all sorts of cooking and baking just as well as a wood or coal stove—and without tainting the food. Don't cook in a hot kitchen this summer. Don't lug coal and wood and ashes. Get a New Perfection. It saves all this trouble and it's economical, too. Ask your dealer for the New Perfection.

### AGE-OLD STORY OF SAMSON TO BE PICTURED AT EMPIRE

Manager Martin Announces Coming of Great Film Production of Samson, the Hero of Ancient Jewish History.

At a near date, announces Manager Martin of the Empire theatre, his place will present the stupendous film production showing with a cast of two thousand people, and with scenes numbering more than six hundred, the age-old Hebrew story of Samson, the most popular and tragic hero of Jewish history. This production is staged by the Universal Film company, which alone is a testimonial of its magnificence and artistic setting, and in this play the zenith of this one of the few great film companies is reached.

The story of Samson is the most romantic of ancient Jewish history, telling as it does of the strongest, physically, man of any age, and this strong man's love for Delilah, the arch siren of her day, and ending with Samson's loss of strength by his confession of his secret to Delilah, who through her seductions cunningly gains the confidence of the giant lover. The scenes of Samson's life so graphically told in the book of Judges are as realistically portrayed by the artistic actors and magnificent setting of the coming production. The strong man's encounter with the lion, and his killing of it with his naked hands; the encounter with the army of the Philistines, when hundreds of them were slain by the hero, who later is tempted by Delilah to tell of the secret of his great strength, thus enabling the woman to deliver him to the Philistine soldiers, who destroy his eyes, and bring him to their banquet feast that he might suffer the humiliation, and where he gains his final revenge by throwing down the pillars of the banquet hall, crushing the confidence of the giant. The scenes of Samson's life have been known by the writers of the hero's many deeds.

This production, of six reels, will be at the Empire at a near date, which will soon be announced.

### Community to Sustain Band—

At a meeting on the evening of Wednesday of members of the Morenci Concert band with a number of citizens a decision was reached to endeavor to have the community combine in financially strengthening the band that it might continue as an organization. Those present at the meeting were A. L. Davidson, H. S. Van Gorder, Milton McLean, Jno. Kiddie, W. J. Johns, M. N. Short. The conviction of those present was that the two copper companies, the two main stores with other institutions of the town, should combine with the private citizens in giving with regularity each month to the band a sum of probably one hundred and fifty dollars. A list will probably soon be circulated among the people, who no doubt will liberally respond.

The funeral, under the auspices of the Odd Fellows lodge, was held on the afternoon of Sunday, after services had been conducted at the lodge hall, with Rev. Krichbaum officiating. Hundreds of friends and acquaintances followed the remains to the cemetery, attesting to the esteem with which the estimable lady was regarded. Mrs. Williams had resided at Morenci for about two years. She leaves here two sons, both of mature years, and a husband to mourn her passing.

The injured man was carried to the hospital, while his assailants were carried to prison, from where they were later released, as no witnesses would testify against them.

### BASE BALL BY STARLIGHT.

Eleven Innings Game Between Saunders All-Star Team and Warriors of D. C. Machine Shops Played Until Starlight With a Score that Ties. Machinists Defeated on the Morrow

Commotion was energetic among the base ball players and admirers of Morenci throughout Saturday of last week, this being caused by the Saunders All-Star team crossing willows with the aggregation composed of the employees of the D. C. M. company's machine shops. For several days reports were that these two crack teams would engage in contest for the first time this season, and many rooters wended their paths to the ball grounds on both Saturday afternoon and Sunday forenoon to witness the results, which on Saturday were eleven and eleven, after an eleven inning game. Starlight furnished light for the last two innings, proving the determination of the opponents.

However, the game of the next forenoon was more decisive, the All-Stars winning by a score of nine to seven. These teams will soon again contest, and much interest is centered thereby, as the players of both sides are among the best of Morenci.

### LABOR DAY DANCE WILL CLEAR JULY 4 DEFICIT

Deficit in Funds of July 4 Celebration Committee Will be Cleared by Proceeds of Grand Ball to be Held on September 7 in Honor of Labor Day.

Because of the deficit of about one hundred and fifty dollars of the funds of the July 4 Celebration committee, caused by more money being spent in prizes than was collected by donation among the people, the committee have decided upon the holding, on Labor Day, Monday, September 7, of a grand ball, the proceeds of which will be used to clear the deficit.

Tickets, numbering several hundred will be presented to the Morenci people probably next week, and a very liberal response is expected, the cause being of merit, and the dance of very pleasurable promise. Music will be of the best to be obtained. More than twenty-five numbers will be danced, making the pleasure last until the early hours of September 8, primary election day, which also is expected to add to the interest of the dance, as many of the county candidates are expected to be in Morenci throughout September 7.

### Keen Artistry—

A woman resident of Newtown was this week brought before Judge Lally on the charge of seriously slashing with a razor a male companion, whose wounds were so serious that many stitches were required in their closing. The woman was adjudged guilty, and sentenced to serve sixty days in the Clifton jail, where she was carried Wednesday.

### Band Gives Dance—

The dance given under the auspices of the Morenci Concert band at the Rink theatre on the evening of Saturday, August 1, proved an unusually happy occasion, the general verdict of the more than two hundred in attendance being that Morenci had never enjoyed a more pleasurable event. Music was supplied by the sponsoring band throughout the more than twenty numbers, a number of which were enjoyed several times. Enthusiastic appreciation for the music made was noticeable during and after their every selection. While the numbers were selected especially for the dance, still the range was inclusive of the most beautiful compositions. Delicious punch was served throughout the evening.

The boys announce that in case of their support by the townspeople they will in the future hold a dance each month and in addition will play a concert at the grandstands each Saturday evening. However, financial aid is necessary to a continuance of the organization which through its only four months of practice has already become a means of enjoyment to the people.

C. company's store, while Mrs. Hill will remain longer with the expectation that her health, for some time in delicate condition, will be improved.

### Roads Still Difficult—

The drivers of the various service automobiles state that the Morenci-Clifton roads are in places, especially along the Morenci canyon, in very rough condition, and making travel of less than ordinary comfort. The new construction of this road is not injured by rainstorms, this causing the traffic to wish for an early completion of the Morenci section.
